## Hong Kong Non-Ferrous Scrap Trading Desk

Verograde Global Limited connects buyer-side demand in Hong Kong and mainland China with supplier channels across the UK, USA, Europe, South Asia and selected African markets. The company focuses on structured sourcing, documentation flow and inspection-friendly coordination for practical non-ferrous scrap opportunities.

## Core Categories

Copper wire scrap, aluminium 6063 and UBC, electric motors, AC compressors, cables, rotors, armatures, copper/aluminium radiators and selected mixed non-ferrous scrap categories.

## Regional Focus

Buyer-side focus: Hong Kong and mainland China. Supplier-side focus: UK, USA, Europe, South Asia and selected African markets. No Dubai or Middle East positioning is used in the current trade desk profile.

## Process

1	Submit enquiry
2	Review material, quantity, origin and documents
3	Coordinate relevant buyer/supplier interest
4	Follow up on commercial discussion and documentation
